## Summary

---

Having completed my BSc in Public Health, I am seeking work in the fields of public health & care with a particular interest in analysis and statistics. I am a hardworking and motivated individual with a love for biology, psychology, anatomy, maths, IT & strategy games.

In the field of public health I am interested in the interplay of balancing the best macro statistical results with the peculiar demands of the individual. Identifying the best regime for the individual within the confines of the health system is a fascinating problem.

In this area I have been experimenting with VertexAI, investigating how it could be used to make balancing these competing needs easier and more productive. I am keen to have the opportunity to exercise my skills in the workplace and better serve the community.

## Experience

---

**NISA Local** **Nov 2020 – Sep 2021**  
Sales assistant Otterbourne, Winchester  
<https://www.nisalocally.co.uk>

Part-time job while waiting to start university. Working in all areas of the store: customer-facing, check-out, cashup & stock inventory

**NISA Local** **Aug 2024 - Present**  
Sales and Post-Office assistant Otterbourne, Winchester

Continuing with previous employment while applying for graduate opportunities. Working in all areas of the store: customer-facing, check-out, cashup & stock inventory as well as having responsibility for post office transactions, new staff supervision and evening lock-up. The team is great and very collaborative.

## Education

---

**University of Coventry** **2021-2024**  
Public Health BSc (2:1 Hons)  
<https://www.coventry.ac.uk/>

The course explores practical strategies for tackling disease and preventing ill health, including health promotion programmes and approaches to health protection in response to emerging challenges. It gives a real-world taste of the tasks and challenges faced as a practitioner through practical activities and workshops applicable to future careers.

- The course equips you to work in a range of roles within public health where you can make a real difference to people's health and wellbeing.
- It develop an understanding of health disparities and health inequalities at local, national and international level as well as the knowledge to be able to improve health outcomes through the effective planning, execution and evaluation of health interventions to change behaviour.
- It offers the opportunity to develop knowledge around differing health needs, influences on health, and how to prevent ill health and promote health and wellbeing.

**Barton Peveril College, Chestnut Avenue** **2018 – 2020**

## Skills

---

### Data analysis

I am adept at statistical data analysis having experience in SQL databases and analysis of data trends using python & matlab packages

● ● ● ○ ○

Data analysis, Coding, Python, Databases, SQL, Matlab

### Microsoft Office

I am fully experienced in all areas of Microsoft Office including Word, Excel & Powerpoint

● ● ● ● ●

Microsoft Office, Word, Excel, Powerpoint

### Video Editing

I run a YouTube channel with 4.3K subscribers (<https://www.youtube.com/@IdolBandit>), having started in 2022 and working on it in my spare time. I have learnt a lot about how to capture attention and deliver an effective message, improving significantly with every upload. The channel shows how I can process large amounts of information and analyse it in order to extract the salient points into a condensed, engaging format.

● ● ● ○ ○

IT, Video Editing, YouTube, Davinci-Resolve

### Multitasking

I am adept at juggling multiple complex jobs at once, partially for fun and partially by necessity

● ● ● ○ ○

### Collaborative Independence

I am a capable worker able to act independently or as part of a group when given clear goals

● ● ● ● ○

## Interests & Pastimes

---

### Online Video Streaming

**Strategy Gaming, both online and in person**

### Table Top Role Playing Games

D&D, CallofCthulu

## Certifications

---

### CFA

St John Ambulance

### June 2020

<https://www.sja.org.uk/>

Basic first aid: Recovery position, CPR, Gauze use, applying slings, shock ect.

### ICDL Level 3 Spreadsheet software

BCS

### April 2024

Excel Qualification

## Awards

---

### DOE Bronze

Duke of Edinburgh

### August 2017
